_____

When someone enters protected areas at specific times that you set, the C4W will flash a warning light and play a sound to drive intruders away. Instantly, it pushes a notification to your smartphone, so you can view what's happened and take actions accordingly.

Use your own voice to greet or deter visitors.

_____

You may want to remind visitors in a gentle way that they've entered protected area. The C4W lets you create three 10-second audio recordings on the EZVIZ App so that you can protect your property in your own way.

Hello! Welcome!

Customize motion detection zones.

The C4W camera lets you draw specific zones of interest on the EZVIZ App and adjust motion detection sensitivity to provide just the right amount of security you need.

Full-HD security, day and night.

Featuring 1080p full-HD resolution, the C4W camera delivers crystal clear monitoring video all day.
Plus, a super night vision system allows you to see image details up to 30 meters (98 feet) away in the dark.
